TICKET USING PQ FARE NOT ALLOWED

Sabre will perform re-pricing format automatically prior to ticket issuance. Once performed, Sabre will inform that price for CMP is not applicable, since price is valid for 2 passengers travelling together.

Please store price using format WPRQ**A** to store PQs with Manual indicator. This will wave automatic price verification prior to e-ticket issuance.

! It is not allowed to modify Manual PQ created from system-generated price response.

For Sabre pricing and ticketing formats please call Sabre Helpdesk or online [agency eServices](#).
