

Passengers from cancelled flights, who do not yet know new travel date, can keep the original ticket value, use it towards purchase of a new journey, and receive 20 EUR discount per direction.

Please offer the following solution:

Keep the PNR active:

- **It's mandatory to enter a MEMO segment first** to keep the PNR active. Enter free-flow text "COVID REBOOKING" (Amadeus entry: RU 1A HK1 RIX 31DEC - COVID REBOOKING). For other GDS samples enclosed in Q&A.
- Cancel all flight segments.
- Inform the customer to call back when he/she decided on the travel date – latest reissue must be done by 31DEC20

When customer decided on new dates – follow steps below.

- NOTE: New travel will have to be finished by 31DEC21.
- New booking and re-issue must be completed on/before 31DEC20
- In case of the original PNR is still found - update the original PNR.
- In case the original PNR is no longer accessible - create a new PNR according to passenger's travel wishes.
- Ticket can be issued to different names and destinations. Once ticket issued – all fare rules of the new ticket apply.
- This policy applies only to 657 ticket stock and BT operated flights for both cancelled (MEMO) tickets and reissued tickets.
- In case of partly used ticket, change is possible within same route
- Re-price as per below and re-issue the associated tickets.
- NOTE – policy do not apply to IT fares.

Old ticket had Published Fare:

- Always reprice with current applicable fare (incl. taxes/fees and surcharges) and apply 20 EUR discount per direction.
- If the new ticket total value (incl. fare/tax/fees/surcharges) is higher than the original ticket total value (incl. fare/taxes/fees/surcharges) : difference must be collected and 20EUR discount for one way ticket or 40 EUR discount for roundtrip ticket apply from the ticket total value.
- If the new ticket total value (incl. fare/taxes/fees/surcharges) is the same as the original ticket total value (incl. fare/taxes/fees/surcharges): the discount does not apply.
- If the new ticket total value (incl. fare/taxes/fees/surcharges) is lower than the original ticket total value (incl. fare/taxes/fees/surcharges): no difference refunded.
- Manually update Fare Base with calculated discount TKT designator D20 where TKT designator is equal to calculated discount amount per coupon (example: QOPRM/D20 if discount 20EUR, QOPRM/D12 if discount 12EUR, QOPRM/D0 if no discount apply.)
- Manually update Endorsement line with additional COVID REBOOKING D20 where D20 is equal to calculated discount amount per ticket (example: COVID REBOOKING D20 if discount per ticket is 20EUR, COVID REBOOKING D12 if discount per ticket is 12EUR, COVID REBOOKING D0 if no discount apply.)
- Additional airBaltic services purchased together with the ticket can be transferred to the new flight without price difference calculation. EMD for additional services (SR CKBG, HAND etc.) should be rebooked and reissued. If the same service is not available for the new flight, it can be refunded.
- For all other currencies than EUR, exchange rates should be based on new ticket issuance date.

Calculate Total amount difference:

352.92EUR (New Total include fare/taxes/fees/surcharges) – 299.92EUR (Old Total include fare/taxes/fees/surcharges) = 53EUR – 40EUR (GVO 2*20EUR) = 13EUR need to collect from passenger.

Exchange TST for reissue reason.

Update Total amount with fare difference.

Update Fare Base TKT designator with D20 (discount per coupon).

Update endorsement line with COVID REBOOKING D40 (discount per ticket).
