

## **Service Announcement Juneyao Airlines (2022) NO.326**

TEL: 021-22388590

Date: 21<sup>st</sup> November 2022

### **Requirements for HDC application of Finland - China flights operated by Juneyao Air**

**Dear all:**

The Embassy of China in Finland has issued the latest requirements for HDC application as follows:

1.Passengers travelling from Finland to China by direct flights are required to take ONE COVID-19 PCR test within 48 hours before boarding.

2.Travelers bound for China can choose to transfer via other countries. Passengers can choose to undergo the PCR test either in the country of origin or in the country of transfer.

3.The Embassy of China in Finland no longer designate specific testing providers. PCR test certificates issued by legally operating testing institutions (hospitals or laboratories) are accepted. The test report should contain your name, birthday, testing date and time, result, a hospital/clinic stamp or doctor's signature, telephone number or e-mail address of the institution etc.

4.Please read the requirements carefully and follow them accordingly. Passengers will not be able to board their flight without an HDC. The HDC can only be used for boarding flights to China, not as a permit to enter China.

For more details, please check the official website of the Embassy of China in Finland
