

IMPORTANT UPDATE FOR TRAVEL AGENCIES

flydubai is introducing a revised Fare Class Structure, effective **12 May 2026**.

This update reflects our continued commitment to improving fare structuring and inventory management across our network.

Under the new structure, we will have the following-

Business Class commercial RBDs — **J, C, I, O, H and P**

Economy Class commercial RBDs — **Y, R, X, M, B, U, K, Q, L, T, V, and G** (G class is for group booking's).

Travel agency partners are advised to review and update their systems to reflect the correct cabin in the booking receipt. Any software locally installed needs to be checked and updated to ensure passengers are not given wrong booking cabin receipts.

For further clarification, please reach out to your dedicated flydubai sales representative.

Thank you for your continued partnership and support.

flydubai Team.
